

读者在校外访问读秀使用方法

1 在学校 ip 内打开读秀首页，先注册。

The screenshot shows the Duxiu homepage with a registration overlay. The overlay has a title '个人认证' (Personal Authentication) and contains the text: '个人认证服务开通啦! (使用帮助)' (Personal authentication service is now open! (Help)). It also includes the message: '个人认证账号可以在单位外使用, 如需要此服务, 请在单位有效IP内进行认证, 点击“我要认证”' (Personal authentication accounts can be used outside the unit. If you need this service, click "I want to verify" within the unit's valid IP). At the bottom, it says '您还没有账号? 点击“我要注册”' (You don't have an account? Click "I want to register"). Two red arrows point to the '我要认证' (I want to verify) button and the '我要注册' (I want to register) link.

2 注册后点击认证，绑定。

The screenshot shows the Duxiu registration form. It includes fields for '手机号' (Mobile Number), '验证码' (Verification Code) with a '获取验证码' (Get Verification Code) button, '姓名' (Name), '密码' (Password) with a visibility icon, and a large blue '注册' (Register) button at the bottom.

www.duxiu.com 显示：

个人认证只识别邮箱和手机号，如果您的账号还没有绑定邮箱或手机号，将无法认证成功哦，可以登录空间以后在账号管理中绑定！认证需要登录，是否现在登录？
